

The Penn State Thespian Society Presents

# THE ADDAMS FAMILY

October 13th, 14th, & 15th 2022

Schwab Auditorium

## DIRECTOR'S NOTE

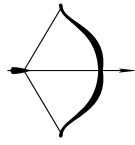

I was first introduced to The Addams Family four years ago when my high school did it, and I knew that I would love the opportunity to be involved with the production again in the future. When my friends and I first sat down to discuss show proposals last semester, we were all in agreement that The Addams Family would be the perfect mainstage for Thespian Society. As we began putting the proposal together, I discovered a new interest and appreciation for all of the “behind the scenes” elements of the show, ranging from lighting design, to costumes, to choreography. I very quickly found that my brain was flooded with ideas, and I knew that this was my chance to take the leap and do something I had always wanted to do: direct.

On the surface, The Addams Family is a kooky spin on the classic story we all know and love, but at its core, this show is a story of acceptance. Now more than ever, this message is especially relevant. Despite the vast array of differences between the Addamses and the Beinekes, these two families are brought together by a shared respect and understanding for what it means to be human. It serves as an important lesson in learning to love those that are different from you and accepting others despite their flaws. The Addams Family emphasizes the fact that family is more than blood, a message that has really resonated with me since I joined Thespian Society. At such a big school, it is so easy to find yourself lost in the shuffle; however, this club welcomes everyone with open arms and ensures that each and every new member feels valued and appreciated. In my three years at Penn State, I have found a home in Thespian Society, and, more recently, a family among this cast and crew.

I'd now like to take a moment to thank all of the people who have helped to make this show possible. Thank you first to all of my friends and family, who have supported me through every show process I have been involved in, whether on stage or off. I'd also like to thank Michael Blake, Jenna Campbell, and all of the staff at Schwab Auditorium who have so graciously allowed us to use this performance space. Thank you to my cast, crew, and rehearsal staff for working tirelessly to help my vision to come to life, and to Emily and Robin for their outstanding teamwork and friendship throughout this process. Most of all, I would like to thank you, the audience, for your continued support and appreciation for the arts here at Penn State. We hope you enjoy the show!

Welcome to the family,  
Grace O'Sullivan

# PRESIDENT'S NOTE

Hello and welcome to the Penn State Thespian Society's production of *The Addams Family*! The Penn State Thespian Society has been performing since 1897, and we are honored to continue the tradition of showcasing the talent held within our club. With the assistance and guidance of Schwab Staff, our dedicated advisor, the Thespian Alumni Interest Group, and of course our members and prospective members, we are so excited to bring the story of *The Addams Family* to you.

Each detail you see on this stage today works together to curate a story. This production has grown through several challenges and obstacles, but in spite of all of them, has thrived. This perseverance is thanks to all of the talented staff that has worked tirelessly on this production. Our cast, rehearsal staff, technical staff, administrative staff, and of course, our Big Three has put incredible work into curating a story for you to enjoy.

Our experience throughout this pandemic has been unique to our club's many years of history. The events of the past few years have brought some of the Penn State Thespian Society's productions to a complete halt. Having experienced this lack of security, each show we are able to now produce safely is special in its own way. This silly, heartwarming show showcases the love and fun we experience as an organization. Every single detail you see and hear tonight comes from the cumulative effort of a group of students that love to collaborate for the art of theatre. To all of them, I offer my sincerest congratulations. To our audience, I hope you enjoy this window into the joy and dedication that takes place in our club. Thank you.

Your Friend in Thespis,

Lizzy Scipione
